

Fellow IBMer,

We are desperately trying to update our contact list, especially eMail addresses, and we need your help. Please check with your IBM friends and connections to see if they have received an invitation and ***forward it to them*** if they haven't. We will also be collecting update contact information at the reunion.

Keep us informed of any changes in your (and fellow IBMer) contact information such as: email address, home address and phone number etc.

We may not be aware of all of our ranks that have passed away, so please notify us. Since privacy may be a concern, collected information will be confined to, and for, Internal Use Only.

Reunion-Luncheon Organizers:

Thank you.
