He valued learning and continued his education throughout his life and career in Computer technology and consulting. **Retiring from IBM after 25 yrs. with special recognition and appreciation.** Pat and his wife, Denise, were married almost 20 yrs and spent every moment together. He remained friends with Sylvia, his first wife and mother of his four adult children. Brandi, Teri (Jim), Wayne and John (Mary). He was blessed with eight amazing grandchildren and four great grandchildren. He looked forward to their visits. He welcomed his newest great grandson just this year and it filled his heart with joy. Denise's family loved him dearly and he loved them. His family meant the world to him. Dad loved the great outdoors, boating, fishing, hunting, snowmobiling, RV adventures, anywhere the sky was his roof. Westerns and cheering for his grandson's golf tournaments took many of his afternoons. Grandpa Pat, you will be missed but never forgotten. We are grateful that God gave you to us for the time that HE did! For the time Providentially designed. Miss Me, but let me go. According to Pat, "had a great life with few regrets, very lucky to have had the great family and friends I've had." As per Pats wishes, there will be no services.
